

AN UNBEATABLE COMBINATION

Printing costs are a big concern for any business, which is why we offer a range of ink cartridge sizes. They enable you to keep your costs down, guarantee your prints will look superb, and last longer in any business environment.

Advanced Epson DURABrite Ultra Ink

Amazingly durable
Prints dry instantly and resist water, smudging, fading and highlighter pens

Business quality documents
Laser-like text and graphics on plain paper

Perfect prints
Enhance printed materials with high-quality graphics

More choice
Print on a wide range of paper, including high impact colour on glossy media

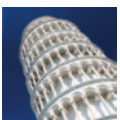

A choice of ink cartridge sizes to match your printing needs

Epson uses individual ink cartridges across its inkjet printer range.

This keeps costs down as you only replace the colour used. We offer a choice of cartridge sizes for normal, high and very high print volumes. So you get low-cost printing whatever your level of output.

Normal volume, low cost per cartridge

WorkForce Pro Series

PROFESSIONAL LASER KILLER

ENGINEERED FOR BUSINESS

EPSON®
EXCEED YOUR VISION

CUT COSTS, CUT ENVIRONMENTAL IMPACT, ENHANCE PRODUCTIVITY

Economical

50%

Up to 50% lower cost per page*1

- Print more with high capacity ink cartridges

Ecological

80%

Up to 80% lower energy consumption*1

- Low power consumption and fewer parts to replace

Fast

>>>>>

Faster than a laser on typical print jobs*1

- No warm up time needed

WHAT ARE THE ADVANTAGES OF PRECISIONCORE?

PrecisionCore brings inkjet printing to a new level, delivering dramatic increases in speed, quality, reliability and efficiency as follows.

1. Highly reliable and durable technology used in industrial and commercial applications

PrecisionCore technology is used in Epson's range of industrial and commercial printing products including high-speed industrial label printing and direct-to-garment applications. These commercial applications require a high degree of durability, reliability, quality and speed.
2. Now available for office printing

Epson has invested €125 million in new production facilities to bring the advantages of the PrecisionCore printhead to its Epson WorkForce Pro range for the first time, delivering high-quality, fast and reliable printing in the workplace.
3. Perfect combination of speed, quality and reliability

PrecisionCore printhead technology can produce ink droplets of different sizes. The larger droplets fill expanses of colour more efficiently boosting print speeds while the smaller droplets create smooth gradations and crisp edges to improve print quality. At the same time each PrecisionCore Piezo element has the potential to work as a highly sensitive sensor, self-diagnosing in milliseconds and making any adjustments required.

REDUCE ENVIRONMENTAL IMPACT

The WorkForce Pro Series is kinder to the environment than competitive colour lasers. Epson's clean, no heat technology produces no ozone gases or any fan noise during or after printing, helping businesses meet their environmental targets:

Energy efficient	80% lower power consumption*1
Space saving	Uses fewer, space saving ink cartridges and occupies a smaller footprint as no ventilation space is needed around the printer
Fewer parts to dispose of	Lasers need a drum, fuser unit, photoconductors, transfer unit, transfer roller

ENGINEERED FOR BUSINESS

Why settle for less when you can have it all? Take a look at the Epson WorkForce Pro series, choose the right model for your business and prepare to get a lot more for a lot less.

WorkForce Pro **WF-5690DWF**
High-performance business 4-in-1 multifunction for workgroups and enterprises looking for great quality, high speed and serious economy.

DOCUMENT MANAGEMENT SOLUTIONS

Epson's Document Capture Pro software provides easy integration of scanned business documents into popular document management systems and cloud services.

EMAIL PRINT FOR ENTERPRISE

Send documents quickly, directly to your function printer with Epson's secure, driverless email business printing solution. Available in Direct or Pull printing modes, it's ideal for emailing and printing documenats from computers and mobile devices.

WorkForce Pro **WF-5620DWF**

The ideal business 4-in-1 for small to medium workgroups.

- Key features**
- Built in 35 sheet Auto Document Feeder
 - Large 8.8cm colour touch screen for easy menu navigation
 - High speed fax with 550 page memory
 - Direct print and scan from USB memory device without the need for a PC connection
 - LDAP address book compatibility

WorkForce Pro **WF-5190DW**

Economical business inkjet with advanced PCL and PS emulations.

- Key features**
- Fast, high quality printing up to 34ppm or 20ppm mono (ISO) or up to 30ppm or 20ppm colour (ISO)*1
 - Print from smartphones and tablets via email with Epson Connect
 - Easy printing from wireless devices using Wi-Fi Direct™
 - Confidential secure printing with PIN code release

WorkForce Pro **WF-5110DW**

Dedicated, economical business inkjet that saves time and money.

- Key features**
- Fast, high quality printing up to 34ppm or 20ppm mono (ISO) or up to 30ppm or 20ppm colour (ISO)*1
 - Print from smartphones and tablets via email with Epson Connect
 - Easy printing from wireless devices using Wi-Fi Direct™
 - Gigabit Ethernet connectivity
